

The Artist CV

Art & Design

The conventional sections of an art CV, and the order they appear in.

Reverse chronological order within each section.

Section	What goes in it
Contact	Name, email, site; no full address
Education	Institution, award, years
Solo exhibitions	Title, venue, city, year
Group exhibitions	Same format; select if the list is long
Awards, residencies	Name, funder, year
Collections	Public collections only
Publications	Author, title, publication, year
Teaching and talks	Role, institution, year

Do not pad it. A short honest CV reads better than a long one listing group shows you organised for yourself.
