

Cocktail Ratios

Kitchen

The classic templates, from which most drinks are variations.

Parts by volume.

Template	Ratio	Example
Sour	2 : 1 : 1	spirit : sour : sweet
Daisy	2 : 1 : 0.75	+ liqueur
Old fashioned	2 oz : 1 tsp : dash	spirit : sugar : bitters
Martini	5 : 1	gin : vermouth
Negroni	1 : 1 : 1	gin : campari : vermouth
Highball	1 : 3	spirit : mixer

Shake anything with citrus, dairy or egg. Stir anything that is only spirits — shaking clouds it and over-dilutes.
