

Bloom's Taxonomy

Education

The six revised levels, and the caveat the pyramid picture hides.

The 2001 revision, stated as verbs.

Level	The pupil can
Remember	Recall facts and definitions
Understand	Explain ideas in their own words
Apply	Use a method in a new situation
Analyse	Break down and find relationships
Evaluate	Judge against stated criteria
Create	Produce something new and coherent

Educational reference. The levels are a useful vocabulary for question design, but the hierarchy is not empirically established and higher levels
