

Number Line 0–20

1st Grade

A big 0–20 line with hop arrows for adding and subtracting.

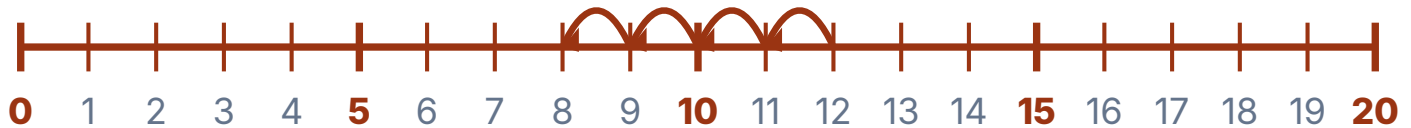

$8 + 5 = 13$

start at the bigger number and hop forwards five times

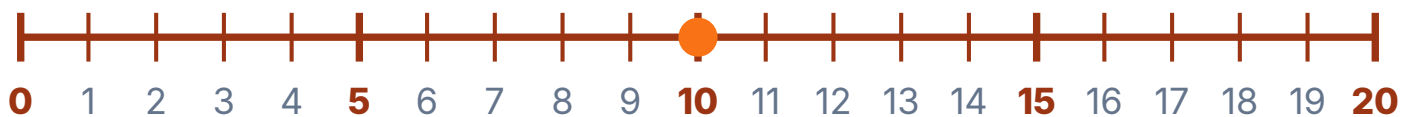

$12 - 4 = 8$

start at 12 and hop backwards four times

THE WHOLE LINE

halfway

HOW TO USE IT

- Adding moves right. Subtracting moves left.
- Start at the bigger number — fewer hops, fewer mistakes.
- To compare, the number further right is always the larger one.
- Count the hops, not the numbers you land on.
