

Wants and Needs

1st Grade

The difference between what keeps you alive and what makes you happy.

NEEDS

- Food and clean water
- Somewhere to live
- Clothes to keep warm
- Someone to look after you
- Being safe and well

WANTS

- Sweets and fizzy drinks
- Toys and games
- A television
- Trainers with the right logo
- A day out

THE DIFFERENCE THAT MATTERS

You cannot live without a need. You can live perfectly well without a want — you just would rather not.

Wants are not bad. Knowing which is which is what makes choosing possible.
