

Counting by 10s

2nd Grade

10, 20, 30, 40, 50 ... the pattern and where it shows up.

+10

count on 10 every time

SAY IT OUT LOUD

10 · 20 · 30 · 40 · 50
60 · 70 · 80 · 90 · 100

SPOT THE PATTERN

Every number ends in 0, and the tens digit just counts up.

WHERE YOU USE IT

Counting money in ten-pence pieces, or bundles of ten straws.

Skip counting by 10 is the 10 times table before anyone calls it that.
