

Counting by 4s

2nd Grade

4, 8, 12, 16, 20 ... the pattern and where it shows up.

+ 4

count on 4 every time

SAY IT OUT LOUD

4 · 8 · 12 · 16 · 20

24 · 28 · 32 · 36 · 40

SPOT THE PATTERN

Every number is even, and it is the two-times table doubled.

WHERE YOU USE IT

Counting legs on chairs, or wheels on cars.

Skip counting by 4 is the 4 times table before anyone calls it that.
