

Jurisdiction

Law

Which court can hear a case, and which law applies.

The two questions.

Which court

Where the defendant is based

Where the harm occurred

Where a contract was performed

Where the parties agreed to litigate

Which law

Chosen by the parties in the contract

Law of the place of the wrong

Law most closely connected

Mandatory rules that cannot be excluded

Educational reference. A court can apply foreign law. Consumer and employment protections often cannot be contracted away.
