

People Who Help Us

Kindergarten

Eight jobs, what each one does, and where you would find them.

People whose job is to look after everybody else.

Who	What they do	Where
Doctor	makes people better	surgery, hospital
Nurse	cares for the sick	hospital, school
Firefighter	puts out fires, rescues	fire station
Police officer	keeps people safe	streets, station
Teacher	helps you learn	school
Bin collector	takes the rubbish	your street
Postal worker	brings the post	everywhere
Vet	makes animals better	animal surgery

Ask what would happen if nobody did each job. That is what a community is.
