

# Counting by Tens

Kindergarten

10 to 100, and why every one of them ends in a zero.

# 10

then 20, 30, 40 ...

## SAY IT OUT LOUD

10 · 20 · 30 · 40 · 50  
60 · 70 · 80 · 90 · 100

## WHAT YOU ARE DOING

Each jump adds one full group of ten.  
Ten groups of ten make one hundred.

## WHERE YOU SEE IT

Counting money · counting in twos then tens  
The last column of the hundred chart

Every number you say ends in zero. That is the clue you are counting whole tens.
