

Oven Temperatures

Kitchen

Celsius, Fahrenheit and gas mark side by side, plus the fan adjustment.

Conversions are rounded to the numbers ovens actually offer.

°C	°C fan	°F / Gas
140	120	275 / 1
150	130	300 / 2
160	140	325 / 3
180	160	350 / 4
190	170	375 / 5
200	180	400 / 6
220	200	425 / 7
230	210	450 / 8

$^{\circ}\text{F} = ^{\circ}\text{C} \times 9/5 + 32$. 180°C / 350°F is the default for most baking.
