

Tin Sizes

Kitchen

Swapping baking tins without ruining the bake.

Approximate volumes for common tins.

Tin	Volume	Swap with
20 cm round	1.4 L	20 cm square is larger
23 cm round	1.9 L	20 cm square
20 cm square	1.9 L	23 cm round
23 cm square	2.4 L	25 cm round
900 g loaf	1.5 L	20 cm round
12-hole muffin	1.4 L total	20 cm round

A square tin holds about 25% more than a round one of the same edge length. Adjust baking time, not just quantity.
