

Subscription Audit

Money

Finding recurring payments you no longer use, and stopping them.

A single hour, typically worth several hundred a year.

1

List every recurring payment

Twelve months of statements, not one. Annual renewals hide.

2

Mark each: use, sometimes, never

Be honest about 'sometimes'.

3

Cancel the nevers today

Not at renewal — now, before you forget.

4

Downgrade the sometimes

Many services have a cheaper tier that is never advertised.

5

Diarise the renewals

A reminder a week before each annual charge.

COMMONLY FORGOTTEN

Cloud storage

Apps billed annually

Free trials that converted

Gym memberships

Duplicate streaming services

Cancelling through the app store is different from cancelling in the app.
Check both.
